# Bright Futures Parent Handout 4 Year Visit

Here are some suggestions from Bright Futures experts that may be of value to your family.

## Getting Ready for School

- Ask your child to tell you about her day, friends, and activities.
- Read books together each day and ask your child questions about the stories.
- Take your child to the library and let her choose books.
- Give your child plenty of time to finish sentences.
- Listen to and treat your child with respect. Insist that others do so as well.
- Model apologizing and help your child to do so after hurting someone's feelings.
- Praise your child for being kind to others.
- Help your child express her feelings.
- Give your child the chance to play with others often.
- Consider enrolling your child in a preschool, Head Start, or community program. Let us know if we can help.

DEVELOPING HEALTHY PERSONAL HABITS

## Healthy Habits

- Have relaxed family meals without TV.
- Create a calm bedtime routine.
- Have the child brush his teeth twice each day using a pea-sized amount of toothpaste with fluoride.
- Have your child spit out toothpaste, but do not rinse his mouth with water.

## Safety

- Use a forward-facing car safety seat or booster seat in the back seat of all vehicles.
- Switch to a belt-positioning booster seat when your child reaches the weight or height limit for her car safety seat, her shoulders are above the top harness slots, or her ears come to the top of the car safety seat.
- Never leave your child alone in the car, house, or yard.
- Do not permit your child to cross the street alone.
- Never have a gun in the home. If you must have a gun, store it unloaded and locked with the ammunition locked separately from the gun. Ask if there are guns in homes where your child plays. If so, make sure they are stored safely.
- Supervise play near streets and driveways.

SAFETY
